

# CRITICAL INFRASTRUCTURE SEMINAR

April 28, 2006  
8am - 12:15pm  
Spectrum Center National Univ.  
San Diego, CA

Fostering Innovation Through Collaboration

*The Security Network* is a San Diego-based, non-profit, non-partisan organization dedicated to enhancing U.S. security by "Fostering Innovation Through Collaboration". As part of its mission to develop effective regional security and be a national security resource, The Security Network will host the first Critical Infrastructure Seminar on April 28th. This informative and timely forum will examine approaches to protecting critical infrastructure from attacks of terrorism and natural disasters.

The **Critical Infrastructure Seminar** will include keynote presentations on current and pertinent critical infrastructure topics, an in-depth Q & A panel led by experts in the field, and will provide terrific networking opportunities.

Don't miss the chance **to be a part of this discussion, network with government and industry representatives, and learn how a major breach of security will affect our region's critical infrastructure.**

We hope that you can join us, and look forward to seeing you on April 28<sup>th</sup>!

SEATING IS LIMITED  
**REGISTER TODAY**

#### **Registration Fees:**

Before April 14: \$45 for The Security Network members  
\$65 for non-members.
